Evergreen Audubon Website Tips – Evergreen Audubon

2-3 minutes

The Evergreen Audubon website has undergone more changes and upgrades during the first part of 2017, and just in case you aren't aware of all the cool things you can do on the website now, here are some highlights and how-to's.

Keep Informed

There are multiple ways to keep up-to-date on information posted on the website and upcoming events and programs:

- Click on the orange icon at the top to receive an email anytime a new event or blog post is added to the website.

- Subscribe to regular news emails to get two regular emails per month plus special announcements by entering your information under "Sign up for regular news emails" in the right-hand sidebar.

- Subscribe to RSS Event Posts – paste **https://www.evergreenaudubon.org/events/feed/** into your Feed Reader.

- Subscribe to RSS Blog Posts – paste **https://www.evergreenaudubon.org/feed/** into your Feed

Reader.

Blog Posts

The website is mostly regular webpages, but there are blog posts for "News & Announcements" under the News & Articles drop-down menu and for "Wildlife & Nature" under the Nature & Conservation drop-down menu.

Programs & Events

Programs and events that are upcoming in the next month will be on the Home page, but you can find ALL of them under the Programs & Events drop-down menu and on the Calendar of Events (full-page size under that same menu or small calendar in right-hand sidebar).

Online Registration Upgrade

You can now register for multiple events and field trips and "check-out" and pay (if there is a fee) just once. The Event Registration Cart in the right-hand sidebar will show you what's in your cart and allow you to check-out at any time.

There's a lot more to explore and discover on the website, but this will get you started. If you have any ideas for the website or website content, please send an email to communications@evergreenaudubon.org.
