

# Bird-Friendly® Coffee

 evergreenaudubon.org/bird-friendly-coffee

Chuck Aid

December 6, 2019

One of the many things we can do on behalf of birds is to make sure that the coffee we drink has been certified as being Bird-Friendly® by the Smithsonian Migratory Bird Center. I am happy to let you know that Natural Grocers in Conifer is now carrying Birds and Beans coffee, all of which has this Bird-Friendly® certification (see <https://birdsandbeanscoffee.com> and <https://nationalzoo.si.edu/migratory-birds/bird-friendly-coffee> for more info). If you prefer to stick with a coffee provider that you like, make sure to ask them to provide some Bird-Friendly coffee options. Birds and Beans is in no way the only company that offers Bird-Friendly® coffee, but they are currently the only company in the country where ALL of their coffees are certified as being Bird-Friendly®. Apparently, Natural Grocers in Bergen Park also intends to have Birds and Beans coffee in the near future, but it hasn't happened yet. You may also obtain Birds and Beans coffee at the Front Range Birding Company in Littleton.
