

Welcome Maddy

Emma Vasicek. August 30, 2021 :

Maddy McFarland

Evergreen Audubon is thrilled to welcome our new Seasonal Naturalist, Maddy McFarland! Maddy has been the primary staff presence at the Evergreen Nature Center since the beginning of August and assists with visitor interactions, care of our exhibit animals, and upkeep of the exhibits. Maddy has lived in Evergreen her entire life and brings a wealth of knowledge, and enthusiasm for our local wildlife. She has always been fascinated by natural science and ecology and is excited to share that with our Nature Center guests. Maddy will continue staffing the Nature Center throughout the end of the season.

We are so excited to have her on board and hope you will stop by the Nature Center to say, “hello!”
Welcome to Evergreen Audubon, Maddy!
