

## Wildlife Watch Fall Season 2021

Emma Vasicek. August 30, 2021 :

---

We are getting ready for our fall season of Wildlife Watch and would love to have you join our awesome team of volunteers! Wildlife Watch Team volunteers spend time outdoors at Evergreen Lake, engaging with and educating visitors about local wildlife and human/ wildlife conflicts. Volunteers model best practices for recreation around wildlife and use the nature center's traveling exhibits to teach visitors to the Lake about wildlife safely without stressing the animals. The Wildlife Watch Team is a joint effort of Denver Parks and Recreation; Evergreen Audubon; and Wild Aware.

### **Are you a first-time Wildlife Watch Volunteer?**

You are invited to our in-person volunteer training! The event will be hosted on **Sunday, September 12** from **3:00 pm – 5:00 pm** at the Evergreen Nature Center! This training provides in-depth information regarding the program and volunteer role. Light refreshments will be provided.

### **Are you a returning Wildlife Watch Volunteer?**

We are hosting a 1-hour virtual training for returning volunteers! The event will be held on **Monday, September 13** from **5:30 pm – 6:30 pm** via Zoom. This is a great opportunity to get a refresher on program logistics and ask some questions before the start of the season. You are, of course, welcome to come to the in-person training if you'd prefer.

Please email Emma Vasicek at [EOD@EvergreenAudubon.org](mailto:EOD@EvergreenAudubon.org) to get involved!

Our Wildlife Watch Fall Season 2021 starts on **Friday, September 17**, and runs through **Sunday, October 17**. I look forward to working with you this fall!
